

Final Proposal Guidelines

Present materials detailing your final project to the class

1) Project Presentation: Plan a short verbal presentation about your final project, please include the following information:

- a) Title of the piece
- b) Detailed description of the intended project
 - major components
 - materials
 - the visitor interface
 - how the artwork will be displayed
 - challenges and solutions thus far
 - anticipated challenges and solutions
- c) Include your objectives and intentions in creating this artwork
- d) Articulate how you hope to engage the viewer
- e) Discuss how this project is relevant to your current art practice

2) Visualization:

- a) Please prepare sketches and/or images to help illustrate your project
- b) Include show installation considerations (space requirements such as walls, ceilings, light and power)
- d) Present any components of the final project you have fabricated or acquired.
